

**MEMORANDUM OF UNDERSTANDING**  
**On**  
**Cooperation In Research, Training and Education**  
**Between**  
**University of Battambang (UBB)**  
**And**  
**Inland Fisheries Research and Development Institute (IFReDI)**

**1. Background and Purpose**

UBB and IFReDI enter into this MOU for the purpose of setting forth their mutual understanding and agreement with respect to such direct contact and the development of potential for cooperative programs. Both UBB and IFReDI fully recognize that education, training and research cooperation between both institutions would be beneficial to all concerned and believe that it is in their best interests to encourage direct contact and cooperation between their staffs, faculties, research centers and institutions in order to foster the development of possible collaborative project and activities in fields of teaching and research.

**2. Intents of cooperation**

Covering mutual cooperation in accordance with the following declaration of intent, both parties agree to the following forms of cooperation:

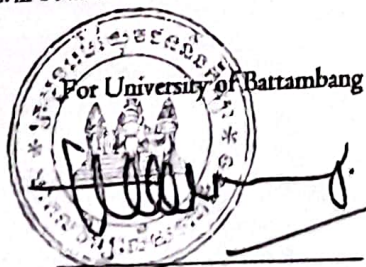

- a. Joint research activities, publications and library exchanges;
- b. Technical support for research activities at fields and laboratories
- c. Data sharing and exchange of information in fields of interests to both parties; and
- d. Exchange of faculty, students, and staff for study, teaching and research.

The aforementioned activities shall be realized by means of consultation and the exchange of relevant information between appropriate members of the two parties.

**3. Term of MoU**

This Agreement shall become effective when it is signed by both parties and shall remain valid for a period of three (3) years, it may be amended by the two parties by mutual agreement.

The Agreement is made in English, which is the authentic text and has two copies for the two parties. These will be in the same value and approved by the authorized governing body of the two parties.
