

Student Affairs Office

The Student Affairs Office of the National University of Battambang, which focuses on cooperation and promoting the National University of Battambang's services. The Student Affairs Office has been working with students, NUBB alumni, companies, and other organizations. With the current NUBB students, we disseminate the job applications and scholarships, and providing the students opportunities to participate in social and cultural events, discussions, seminars, competitions, or inclusive courses, as well as disseminating the NUBB principles to students, we collaborate with the NUBB Alumni Association, build the alumni team and collected data on the tracer study. With companies and organizations as development partners, we arranged agreements on research, jobs, internships for students. Therefore, the Student Affairs Office not only provides educational services but also conducts research and expands collaborations with internal and external organizations.

NUBB Career Center

NUBB Career Center under the collaboration supported by the USAID Digital Workforce Development project of University of California, Berkeley, made possible with the generous support from the American people through USAID Cambodia. The career center was designed with the core objective of providing the university with an independent, sustainable hub for students across all disciplines to seek career advice, develop soft skills, and access to internship and job opportunities.
