

# Online Facilities

## Virtual Classrooms

The National University of Battambang (NUBB) takes a leap into the future of education with its state-of-the-art virtual classrooms. Equipped with advanced technologies, these classrooms offer students an immersive learning experience that transcends traditional boundaries. The cutting-edge equipment enables interactive and dynamic lessons, fostering a collaborative and engaging atmosphere for both students and instructors. NUBB's commitment to utilizing advanced technology ensures that students can seamlessly participate in remote learning, accessing a wealth of educational resources from anywhere in the world. This innovative approach not only prepares students for the demands of the modern workforce but also emphasizes NUBB's dedication to providing an inclusive and technologically advanced educational environment. ✓

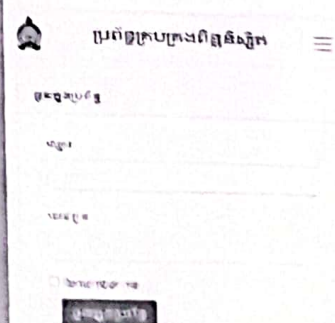

## Microsoft Teams

Currently, Microsoft has supported the National University of Battambang (NUBB) to elevate the remote learning experience for students. NUBB is now equipped with Microsoft Teams accounts, providing students with a seamless platform for online communication and learning. This inclusive solution enables unlimited virtual calls, facilitating interactive and engaging online classes. Furthermore, Microsoft has generously provided NUBB students with access to OneDrive, offering a substantial online storage capacity of 5TB. This integration of Microsoft's cutting-edge technologies empowers NUBB students to leverage digital tools for educational purposes, ensuring a robust and flexible learning environment that extends beyond physical boundaries.

## Student's Academic Data

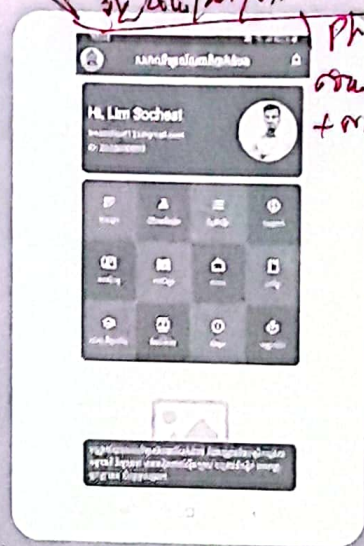

NUBB prides itself on its modern and efficient online system, providing students with easy access to their academic performance. Through the dedicated portal at <https://smis.nubb.edu.kh/score>, students can conveniently check their scores and transcripts from anywhere with an internet connection. This user-friendly platform streamlines the process, allowing students to stay updated on their academic progress, view detailed score reports, and obtain official transcripts with just a few clicks. NUBB's commitment to technological advancements enhances the overall educational experience, ensuring that students have convenient access to their academic records at their fingertips.

NUBB continues to embrace technological innovations to enhance the educational experience for its students. Introducing the NUBB app, the university has taken a significant step towards providing a comprehensive E-Library platform. This feature allows students to access a wealth of research materials and documents directly from their smartphones. The NUBB app's E-Library offers a user-friendly interface, enabling students to seamlessly browse, search, and read a diverse range of academic resources at their convenience. With this innovative tool, students can engage in research, study, and broaden their knowledge base, all within the palm of their hands. NUBB's commitment to digital accessibility underscores its dedication to fostering a technologically advanced and conducive learning environment.

## Learning Management System ✓

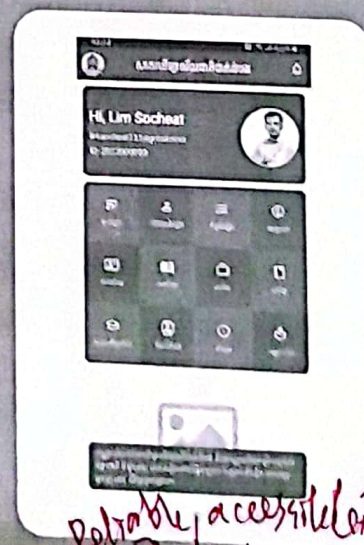

The National University of Battambang (NUBB) is at the forefront of educational innovation with its Learning Management System (LMS). This platform has been precisely designed to offer students a transformative learning experience, providing opportunities to engage with education in new ways. The LMS integrates cutting-edge technologies, allowing students to harness the advantages of modern tools. Located at <https://lms.nubb.edu.kh>, this user-friendly system serves as a hub for a variety of educational resources, fostering a dynamic and interactive environment.
